\_\_\_\_\_ I have received faculty advising, and understand both philosophy major and CSUSB graduation requirements, as well as how I can meet them.

\_\_\_\_\_ I understand that Phil 516, "Senior Project", requires reflection on, and submission of, papers graded from previous courses in the major. These are not automatically saved, though I may leave copies of graded papers for safekeeping in the Philosophy Department office (02/03 and later *Bulletin*).

*Keep the original for your records, and submit a copy to the Philosophy Department office (UH-339). Allow 1-2 days for the hold to clear, and you will be able to register in the usual way.*
